GREEN VALLEY MORGAN FIRE CO.

On Wednesday October 7, 2026 the Green Valley-Morgan Fire Co. visited Fairview School for Fire Prevention week. There were various stations the kids visited to learn all about the fire company and fire prevention. We would like to thank the school and kids for having us and hope you learned something to take home and share with their parents. Also, thank you to County Rescue for bringing EAGLE 3 to the school for the kids to meet the pilot and paramedics that fly the big bird bringing critically injured patients quickly to the trauma centers in Green Bay. Oh yeah…let's not forget Smokey Bear! Thanks for greeting the kids!

"Change your Clock, Change your Batteries!" **Daylight Savings Time ended on November 1 this year**, and this is a great time to make sure all your smoke detectors and carbon monoxide detectors are in good working order! Check the manufacturing date on the detector and if it is more than 10 years old it needs to be replaced. If anyone has any questions or concerns regarding their alarms, feel free to contact any firefighter.

Our annual picnic was held August 8th at the fire station in Green Valley. There was a parade at 11:00 which had many floats and spectators, there were three bands, a huge car show, many bucket raffles, a kid's bike give away and lots of great food. We would like to say a huge thank you to everyone who came out and enjoyed the day with us. The money raised from the picnic was designated to purchasing new low-pressure high-volume hose and nozzles for our three engines. Plans are being made for next year's picnic so mark your calendars to come out on August 14, 2027. A special ***THANK YOU*** to every person and business that donated money, bucket raffle items, and or time to our fire company. We certainly appreciate all of you!

The department this summer was contacted by Johnson Controls / ANSUL the fire extinguisher company from Marinette, that they had fire extinguishers that they needed to take out of there inventory. They were new but a few years old and could not be sold. They invited area fire department to come pick them up and give them away to the public. The Green Valley Morgan Fire Company members distributed over 1800 extinguishers to the community.

"A Time to Give Back" So often volunteer fire fighters are asked why do you volunteer? The short answer: "It makes me ***feel good*** to be able to help someone when they need it!" If this describes you and are looking for a way to give back to your community, the Green Valley Morgan Fire Company is accepting applications to join our department. Contact a department member for more information.

The department meets the third Tuesday of the month to preform training drills on various topics and situations. Some the past few months the members have done training on vehicle extrication, ladder training, and tested hose and nozzle pressures on the new equipment purchased from proceeds from our annual fundraiser picnic. The department's training meetings are taught by leaders from Public Safety Training Center from Green Bay to learn new techniques to better serve our community.

SANTA IS COMING TO THE FIRE STATION!!

Mark your calendars to attend Santa Day at the Green Valley Fire Station. Santa will arrive by fire truck to the fire station at 12:00 noon on December 12th and will be checking to see who has been naughty and nice. Bring your list to share with Santa from 12:00 pm till 1:30 pm. Hot dogs and refreshments will be served. The fire station address is N5746 Oak Avenue, Green Valley.

HAPPY HOLIDAY'S FROM THE GREEN VALLEY MORGAN FIRE COMPANY!!
