

GREEN VALLEY MORGAN FIRE CO.

On Wednesday October 8, 2025 the Green Valley-Morgan Fire Co. visited Fairview School for Fire Prevention week. There were various stations the kids visited to learn all about the fire company and fire prevention. We would like to thank the school and **kids** for having us and hope you learned something to take home and share with their parents. Also, thank you to the N V Technologies for demonstrating how to use fire extinguishers and teaching the kids about smoke and Co2 detectors. Oh yeah... let's not forget Smokey Bear! Thanks for greeting the kids!

“Change your Clock, Change your Batteries!” **Daylight Savings Time ended on November 2 this year**, and this is a great time to make sure all your smoke detectors and carbon monoxide detectors are in good working order! Check the manufacturing date on the detector and if it is more than 10 years old it needs to be replaced. If anyone has any questions or concerns regarding their alarms, feel free to contact any firefighter.

Our annual picnic was held August 9th at the fire station in Green Valley. There was a parade at 11:00 which had many floats and spectators, three bands, a car show, a kid's bike give away and lots of great food. We would like to say a huge thank you to everyone who came out and enjoyed the day with us. The money raised from the picnic was designated to purchasing new low-pressure high-volume nozzles and hoses for our three engines. Plans are already being made for next year's picnic so mark your calendars to come out on August 8, 2025. A special **THANK YOU** to every person and business that donated money, bucket raffle items, and or time to our fire company. We certainly appreciate all of you!

Our department this year has focused on improving our monthly training. At our monthly training meetings, we are instructed by trainers from Public Safety Training Center from Green Bay. Some of the topics that we have trained on the past few months include: SCBA confidence drills, hose advancement techniques, vehicle extrication, fire scene size up, and pump operations and water flow management.

“A Time to Give Back” So often volunteer fire fighters are asked why do you volunteer? The short answer: “It makes me *feel good* to be able to help someone when they need it!” If this describes you and are looking for a way to give back to your community, the Green Valley Morgan Fire Company is accepting applications to join our department. Contact a department member or call Chief Leonard Wahl at 920-373-3308 to see what we are all about and how you can begin your journey to Giving Back!!

Last fall the department completed the application to submit to for review to improve the insurance rating for the townships we serve. The department was successful in lowering our rating from a 9 to a 7. This is a significant improvement. We encourage you to reach out to your insurance agent to ensure that your company is aware of the improved rating. With coverage premiums increasing you may not see a reduction in your premium but the saving could be there just absorbed by inflation.

SANTA IS COMING TO THE FIRE STATION!!

Mark your calendars to attend Santa Day at the Green Valley Fire Station. Santa will arrive by fire truck to the fire station at 12:00 noon on December 6th and will be checking to see who has been naughty and nice. Bring your list to share with Santa from 12:00 pm till 2:00 pm. Hot dogs and refreshments will be served. The fire station address is N5746 Oak Avenue, Green Valley.

HAPPY HOLIDAY'S FROM THE GREEN VALLEY MORGAN FIRE COMPANY!!
